Registration is now open for the Alliance Annual Member Meeting on September 4!

Alliance members save \$50 when you register by July 31.

Nonprofit executive staff and volunteer leaders are encouraged to attend this thought-provoking day of dialogue.

Are You Voting in August?

Why the August elections are important:

Many districts are drawn in a way that are favorable to one of the two major parties. This makes the outcome of the November election almost a foregone conclusion. Because of this, the REAL election to decide representatives happens in August.

Because voter turnout in August is historically low, a small number of people have great power to shift the outcome of elections.

How Independents vote in the primaries:

Independent voters are able to vote in the primary elections for one party. [The Children's Action Alliance has the directions posted on their website](#) explaining how you vote.

You must request your primary election ballot by Monday, July 28.

Why nonprofits should be involved:

A recent study from [NonprofitVOTE](#) found that citizens who were engaged by nonprofits voted at a rate 6 percentage points higher than the general population.

These voters include those who are historically underrepresented: low income, young, and minority voters.

Nonprofits change WHO votes, which changes who is elected. Is this worth getting involved and paying attention? We think so.

of nonprofits and funders around the topic of evaluation.

Nonprofit attendees completed a pre-workshop survey regarding their practices and attitudes regarding social impact measurement. These results were similar to those generated from a recent, larger survey of Arizona nonprofit CEO's. Visit the [ASU Lodestar Center for Philanthropy and Nonprofit Innovation](#) website to see more results and the [Social Impact Management Infographic](#).

Check out [a recent blog post from AGF](#) that contains main takeaways from the conversation, as well as some useful resources.

We look forward to continuing the dialogue in future presentations and communications!
